-  **We encourage you to publish open access if you can** — It makes your research more widely available. However, you will need to have the funds to pay the article processing charge (APC).
-  **We suggest that you explore your funding options** — it makes your decision easier. How to get information:
  - Check our [list of funders](#) first, as your APC funding may be covered
  - Consult our [funding support service](#)
  - Contact the librarian at your institution
-  **We know that this is not a quick decision** — If you want to look for help to pay this before making a choice, you can return to this page when you're ready.

Please select your publication model:

- ☒ **Publish open access** - everyone can read your article for free online  
The APC for this article is £3780.09 / \$4080.50 / €4120.89. The final amount will depend on any local taxes or admin fees.
  - ☐ **Publish subscription** - readers will need a subscription to access your article  
Check the conditions of your funding before choosing subscription. Some funders require immediate open access (read about [open access policy requirements](#)).
- If you select the subscription publishing route, you accept the journal's standard licensing terms - including embargo and [self-archiving policies](#). These terms replace any others that anyone may declare to apply to any version of the manuscript.
